## **Multiple Choice Questions About Solution And Colloids**

About Solution And Colloids Multiple Choice Questions About Solution Solutions Multiple Choice Test. For your review in chemistry, you can use this 30 - item questions which I prepared for you. 1. A homogeneous mixture of two substances is a . a. colloid. c. solution. b. suspension. d. compound. 2. The dissolving medium in the solution is the. a. solute. c. solution.

## **Multiple Choice Questions About Solution And Colloids**

Two subclasses of heterogeneous mixtures are suspension and colloids. How these classes differ is based on particle size. Suspensions have the largest particles and solutions have the smallest. Colloid particle size varies between suspension-size and solution-size. This quiz will cover the basics of mixtures.
