Samsung offers a wide variety service locations. The first step to locate repair service in your area is to select the product that needs service. With Samsung, you'll have access to a variety of self service options, access to hundreds of walk in service repair centers, and if you have selected to opt into Premium Care, we'll even come to you!

### **Service Locator | Samsung**

If your TV screen is severely cracked and the damage has penetrated beyond that, then it is deep enough to have damaged the LCD, LED or Plasma. If this is your case, then it may cost more to repair your TV than to replace it. There may be some LCD LED PLASMA TV repair shops near you that can answer some questions for you. Some flat screen repair shops do not repair broken screens as the cost is not worth it.

Warm up your soldering gun and heat the contact point on the circuit while gently pulling the capacitor out of the board. Don't be too forceful pulling it out and don't hold the soldering gun at the contact for too long, both could damage your TV. Just be patient and you'll get it out. Remove all the bad capacitors.
