Project 4K77 is, as you might guess from the name, a 4K version of the 1977 Star Wars movie. The group has also completed Project 4K83 (Return of the Jedi), and is now working on Project 4K80 (The Empire Strikes Back). What's really amazing about the 4K77 project is that it is not an upscale of lower-resolution footage. Instead, as explained on the 4K77 page...
